

Study Area

Proposed Study Area

The Project Team would like to hear your views in relation to the study area that you want the project team to be aware of i.e. constraints, opportunities, concerns, key features, attractors, etc. This information will inform the development of route options.

www.cahir2cashelgreenway.ie

Tipperary County Council invite you to participate in this first Public Consultation on the proposed Cahir to Cashel Greenway. The Greenway project is intended to create a sustainable transport link between the towns of Cahir and Cashel.

The proposed Greenway has the potential to increase safety and accessibility to points of interest for locals, tourists and vulnerable groups. The aim will be to enhance the visitor experience and contribute to the economic development of the local communities and the wider region.

The proposed Cahir to Cashel Greenway Project also has the potential to connect to the Clonmel to Carrick-on-Suir Greenway via a planned future greenway/trail linking Cahir to Clonmel.

As part of this project, input from the local and general public will be a critical factor to ensure the maximum benefit of the project to the local area. This First Public Consultation is being held as the first stage of the project process to allow this data to be collected and inform the project development from its concept stage.

We would like to hear your views by the 19th January 2024.
